REMARKS

This is UNEVALUATED Information

On 1 October 1955, no aircraft were observed at Mahlwinkel airfield which could be approached to the range of visibility since no sentries were seen. The field measures about 2.5 km from east to west and about 600 meters from north to south. The entire landing field was covered with grass and no concrete runway was seen.

Three quartering buildings and an storage building, all of them temporary buildings, were located in the southern section of the field.

Comment. These statements on Mahlwinkel emergency airfield were received previously. [redacted] establishment of barracks in April 1955. The estimated size of the area agrees with previous observations.
